

Hose Fans

MaxxAir™ High Velocity Axial Hose Fans

The MaxxAir™ high velocity axial hose fan is a virtual workhorse that can be used as a blower or exhaust fan for hard-to-reach areas such as basements, crawl spaces, attics or any area where access is limited.

HOSE FAN

- Portable cylinder axial hose fan
- Use for blower or exhaust -- simply connect hose to intake or exhaust end of fan
- Provides directional airflow for spot cooling of limited access areas
- 2-speed heavy duty enclosed motor (120v 60hz)
- 900 CFM (8" model) or 2000 CFM (12" model)
- Heavy duty steel construction
- UL Listed for outdoor/wet area use with GFCI outlet (not included)
- 6-ft power cord
- Includes 20-ft flexible polyvinyl hose
- 1-year limited warranty

POLYVINYL HOSE

- Heavy duty 2-ply polyvinyl construction for durability
- Constructed around steel support coils
- 20-ft length to reach almost anywhere spot cooling is required
- Hose matches fan diameter -- 8" or 12"
- Attached hanger rings enable hose to be directed to hard-to-reach areas -- even off the ground!
- Includes cinch strap for secure connection to intake or exhaust end of fan

Choose 8" or 12" Model:

HVHF 08COMBO 8" Fan (900 CFM) and 20' hose
HVHF 12COMBO 12" Fan (2000 CFM) and 20' hose

FANS AND HOSES ALSO SEPARATELY:

Part No. HVHF 08FAN, HVHF 08HOSE, HVHF 12FAN, HVHF 12HOSE

PRODUCT WARNINGS

- Not intended to exhaust hazardous chemicals or fumes
- Do not use with any speed control device
- Do not move or rotate while fan is running
- Outdoor/wet area use only with GFCI outlet
- Do not use with an extension cord
