#### **Product Features:**

| Range/hood set                              | Includes our PRO247SS 4-burner gas range with oven and our H24RSS convertible range hood to create a fully functional cooking and ventilation station in small kitchens |
|---|---|
| 24" Width                                   | Perfectly sized for apartments and smaller kitchens   |
| Convertible hood                            | Can be used for ducted venting to the outside or recirculating ventilation where no external venting is possible  |
| Versatile top or rear exhaust               | Ships for standard 3 1/4" x 10" vertical or horizontal exterior venting and convertible to a 6" or 7" round vertical venting with a transition (not included)           |
| Easy 1-step conversion for ducted use       | Hood ships pre-set for recirculating mode but can be converted for ducted use in less than a minute   |
| Filters included                            | Hood ships with a removable easy-to-clean aluminum mesh filter to capture grease, and a charcoal filter to absorb odors when using the hood in recirculating mode       |
| Under cabinet range hood in stainless steel | Low profile design offers a classic way to finish your kitchen, with a complete stainless steel exterior with an easy-to-match horizontal grain                         |
| Sealed burners                              | Four sealed burners with removable cast iron tops ensure safer, cleaner cooking   |
| LP Convertible                              | Unit is set for natural gas but can be converted aftermarket with the included LP kit   |
